

Eligible Expenses & Program Rates

The WoodsWISE Resilience Program will cost-share landowner expenses based on Not-To-Exceed rates or actual costs, whichever is less. Underserved landowners are eligible for 90% reimbursement; other landowners are eligible for 60% reimbursement.

Practice Plan

The cost to create a practice plan and budget that follows the templates provided by the Maine Forest Service.

- \$500 for the first practice
- \$200 for each additional practice

Forester Time

Forest time for technical assistance, layout, practice oversight, and close-out

- \$100 per acre

Practice Implementation

The cost to implement the practice includes contractor time, landowner time, materials, and supplies as applicable.

Practice	Not-To-Exceed Amount (\$)	Unit
PCT	1000	acre
ECT	650	acre
Crop Tree Release	650	acre
Crop Tree Release	5	tree
Planting	3000	acre
Planting	5	tree
Regeneration Protection	800	acre
Regeneration Protection	5	tree
Regeneration Management	1000	acre
Invasive Plant Control	900	acre
Sanitation	300	acre
